

The Copper Queen Store.

Royal Tailoring at Reduced Prices

254 styles of suitings have been told to "move on" by the Royal Tailors of Chicago.

Worsteds, chevots, Scotch, velvet cassimers, serges, undressed worsteds—all are feeling the prod of reduced prices.

\$16.00 to \$28.00 for made-to-your-measure suits that were \$17.00 to \$40.00 a few days ago.

The lower price means no difference in workmanship, or quality of linings—and our guarantee of a perfect fit applies as forcibly as though you paid the regular price.

These lower prices prevail all during January, but already we have received "our lists." The earlier you make selection the more patterns you have to select from.

Choice 28 Styles Fancy Vests to Measure, \$4.00.

Worsteds, silks, silk velvets for fancy vests—all have been reduced to one uniform price, and that \$4.00. Some of the kinds were formerly as much as \$9.00. 28 styles to choose from, and no matter which you choose—but one price, \$4.00. Not ready made, but made to order, remember.

NOW!

WHEN YOU COME TO THINK OF IT!

You ought to have a pair of new shoes, and if you will come up and see the new ones we just received straight from the factory, and the nice easy price that goes with them, you will certainly be wearing one of those glad smiles that you always wear when you have on a swell pair of shoes. And, by the way, don't forget that we have a dandy line of hats, too, as well as anything else in Gentlemen's Furnishings.

Main St.

A. P. SKINNER.

Having Settled

in your quiet homes and Xmas and New Year are past, read your paper and meditate. "Well, I want a time-keeper for my wife; and I will get her a ring (as this is something I forgot), and for the children and convenience of the family I will get a nice mantle clock that chimes the hours and tells the time for school." A kind reminder for all. You will find a nice line of

WATCHES,

Earthquake In Mexico. Great Loss of Life.

Laredo, Texas, Jan. 17.—A dispatch just received from the City of Mexico, states that six hundred lives were lost in a terrible earthquake at Chilpancingo, state of Guerrero. The city is a small one. The shock was felt over an extensive territory.

While no details are yet obtainable it is believed that at least half of the city is destroyed and a frightful loss of life is incurred. The desolated city is not far from the capital and is an old Aztec town, which lies between Acaulco and Mexico City, and is commercially unimportant. Yesterday the capital suffered a slight shock, so the vibration was widespread.

THE CANANEA STRIKE.

Has Passed and Quiet Reigns Supreme—Statement from Headquarters.

The REVIEW telegraphed to Cananea yesterday for a statement of the strike situation and received the following: Cananea, Jan. 17, 1902.

Special to REVIEW:

The Cananea strike is a thing of the past. The foremen of the timber men in the Capote mine refused to work under the Reid Bros. who as shift bosses demanded their discharge. Their committee waited upon Supt. Jim Kirk and stated their case. They had no grievance whatever as to salary or treatment by the company but simply demanded the discharge of the shift bosses. They were employed by Charles McHenry, assistant superintendent. Supt. Kirk investigated the matter thoroughly and sustained McHenry and the Reid Bros. and telling the leaders of the strike that if they did not wish to work they could quit, also notifying them at the same time that they must leave camp and cause no more trouble.

The other miners and timber men resumed work. The company sustained no serious delay and no disturbance of any kind occurred, and every move made was peaceable and quiet.

Lovers End Their Lives Together

S. Louis, Jan. 17.—A carriage drove up to Hart's livery stable this morning and bore the body of Gertrude Clifford, a well known young woman of Donaldson, Missouri, and also Fred Brockman. The girl was dead with a bullet hole through her head. The young man was also seriously shot but declined to explain, saying a note in his pocket would tell all. The coroner gave Brockman's letter publicity this afternoon. In it the man says he was heavily in debt and saw no way out. Death was the only thing left and he could not leave his girl, so they concluded to die together. Therefore he shot her and tried to kill himself.

present for Alice Roosevelt

New York, Jan. 18.—Prince Henry of Prussia will bring from Germany a handsome present for Miss Alice Roosevelt from Emperor William, in recognition and as a souvenir of her part in the launching of the new royal yacht. The announcement of this fact was made today in a dispatch to the Staats Zeitung from Berlin. A cablegram also said that Prince Henry had been directed to arrange for aquatic sports to take place between American and German tars in foreign ports where they met. The German government has accepted Mayor Low's offer of the use of West Thirty-fourth street pier for the imperial yacht Hohenzollern during the visit to the city of Prince Henry. The acceptance was accompanied by an expression of thanks in the name of Prince Henry.

Miners Suffer in a Blizzard.

Vancouver, B. C., Jan. 17.—News has just reached here today from Nelson, B. C., of the terrible sufferings of three miners and the death of four from exposure in the mountains of the Slocan district.

On January 4, S. J. Stephens, W. G. Thomas, S. Rockway and M. Wells, started across the mountains to inspect claims. Before night they became lost in the drift of soft snow, seven feet deep on the mountain top. They missed their way and spent three days of torture caused by the extreme cold and biting wind of the worst blizzard on record in that section. On the fourth day Stephens, Wells and Thomas managed to reach camp and at once sent back for Rockway who had been exhausted on the trail. He was frozen to death.

Sentiment Crystallizing Against Daniels

Washington, Jan. 17.—Senator Hoar was in conference with the president for more than an hour today, and showed many of the telegrams, letters and affidavits he had received regarding the appointment of Ben Daniels as United States marshal for Arizona.

The president had received a number of telegrams and letters himself, and it is understood that he admitted to the senator that if he had known that Daniels was a fire dealer he would not have nominated him.

Delegate Smith, of Arizona, was also in conference with the president by invitation. Mr. Smith declined to state the nature of the business that called him to the White House.

A Republican member of the senate judiciary committee said today that the president had made a grave mistake in appointing Daniels and that he now realized it. This senator said that in his opinion Daniels would not be favorably reported by the Judiciary Committee. He said the president had been urged to withdraw the nomination but had as yet given no indication of his intention.

Senator Spooner of Wisconsin said this morning that the appointment of Daniels was a shame, and that the president now regretted the mistake that he made.

In the afternoon Delegate Smith of Arizona had a long conference with Senator Hoar, in which Spooner participated toward the end. Mr. Smith later said that he turned over to Senator Hoar a number of telegrams and letters that he had received from Arizona protesting against Daniels, and a few favoring his confirmation.

The opinion grows here that the president will eventually withdraw the appointment; but if he fails to do so it is highly probable that the senate will refuse to confirm.

National Board of Trade

Washington, Jan. 17.—Communications being received daily indicate that the meeting of the National Board of Trade, to be held in this city commencing next Tuesday, will be the most important as well as the largest in the thirty-two years' history of the well known organization. Delegates will be in attendance from all the prominent boards of trade, commercial clubs and other business organizations of the country. The southwest and the Pacific coast promise to be better represented than at any former meeting of the organization.

The subjects to be discussed cover a wide range and are of paramount importance to the business interests of the country. Some of them are: Reciprocity, ship subsidy, railroad pooling, merchant marine, interstate commerce law amendments, legislation against ticket scalping, parcels post system, one-cent letter postage, one-cent postage for invoices, second class mail matters, currency reform, international branch banks, finance, river and harbor improvement, coastwise and inland waterways, irrigation, forestry, Indian canal, department of commerce and industries, war revenue reduction, national bankruptcy amendments, reform of the consular service, repeal of the duty on hides, war tax on tea, pure food law and the proposed Pacific cable.

Officers Murdered by Robbers.

Guthrie, Ok., Jan. 17.—Wm. Grimes, secretary of state for Oklahoma, has returned from the scene of the murder of Sheriff Frank Smith and Deputy Beck, of Caddo county. He brings the first reliable news proceedings since the fight with the highwaymen.

From the Indian but on the Washita river, the robbers went in a south easterly direction, and have hell to that course ever since. They camped last night midway of the Chickasaw line and proceeded again this morning, being last seen by a party of surveyors near Apache. Three hundred men are now in hot pursuit.

Metal Market.

New York, Jan. 17.—Silver 55 1/2; Copper 104; lead 3.50.

Fighters Ready For Fierce Fight

Philadelphia, Jan. 19.—Keen interest is manifested in tonight's fight between Tom Sharkey and Peter Maher. It will be the biggest pugilistic event pulled off in the Quaker city for a long time, and the interest is as great as though a more important and more tangible title than the "championship of Ireland" were involved. There are several reasons for this, aside from the fact that a fight between men in the heavy weight division always arouses much interest. In the first place, Maher enjoys a vast amount of popularity among the sporting fraternity of Philadelphia, which city he has long claimed as his home. The present pugilistic status of Sharkey is also a contributing element in the general interest displayed in the bout. Should the "Sailor" lose the battle tonight it is a foregone conclusion that his match with Jeffries for the championship would be declared off.

The fight is limited to six rounds, but the men have trained as though they expected to engage in a fight to a finish. Sharkey prepared at Coney Island and if the statement of himself and his trainers are to be relied on he is in a condition to engage in the fight of his life. Maher likewise appears to be in fine condition after several weeks of faithful training at his quarters near Fairmount Park. He expresses confidence in his ability to defeat Sharkey and thereby get back in the front rank of pugilists.

The mill will be witnessed by a large number of sporting men from New York, where Sharkey is a great favorite. It was in that city that the previous meeting of Sharkey and Maher took place. The contest was held at the Lexington Athletic club. The police interfered and the contest was declared a draw, leaving the question of supremacy still in dispute.

Rumor of Settlement Boers and British

London, Jan. 15.—There were rumors for the peaceful settlement of the Boer war current in London today between the leading Boers and British government.

South Africa stocks rose in sympathy with the reports, the exact nature of what was going on not being known, but a representative of the associated press learned that leading Boers had indirectly approached the government protesting against the appropriation of farms in the Transvaal or the Orange River colonies, by British settlers, which system is now being rapidly pushed and that strong influence has been brought to bear on the Boer leaders to save at least a vestige of property for their followers.

Whether what is passing today between the Boers and the British government can be termed as peace negotiations or what will be their result can only remain as speculation for the present. The stock exchange evidently takes a hopeful view of the outcome.

Naco to be Sub-Port of Entry.

Washington, Jan. 17.—Governor Murphy of Arizona arrived this evening in the interest of statehood. Captain Mix of Nogales is also here on the same errand. Captain Mix is one of several delegates appointed at the late statehood convention held at Phoenix, Ariz., last October. He is the only one who has, so far, appeared.

Senator Fairbanks today introduced a bill making Naco, Ariz., a sub-port of entry.

Old Maids' Convention

Aberdeen, Ohio, Jan. 17.—A half dozen states are represented in the attendance at the ninety-ninth annual convention of "Old Maids" of Brown county, which began here today and will continue through the remainder of the week. For nearly a century the old maids of Brown county and vicinity have adhered to a rule of holding a convention every year, and when one of their number dies it is voted by the remainder as to who shall fill the vacancy, thus keeping the queer organization with a full membership at all times.

To Improve Iowa Militia

Des Moines, Jan. 17.—A thorough reorganization and many improvements for the Iowa state militia are planned by Adjutant General Byers, who leaves today for Washington to attend the meeting of the Interstate National Guard Association. While in Washington General Byers expects to obtain two light Hotchkiss guns for use by a company of light artillery. This will be done with the assurance that the city of Des Moines will take care of the military organizations in the way of providing a suitable armory.

St. Louis Fair Postponed One Year.

Washington, Jan. 17.—At a conference today between Ex-Governor Francis, chairman of the St. Louis purchase committee, Adolph Busch, brewer, and President Roosevelt it was decided to be utterly impossible to open the World's Fair in nineteen and three so postponed it till nineteen and four, one year.

Has No Political Ambition.

Washington, Jan. 17.—One of Admiral Schley's intimate friends avows the idea that this much-talked-of officer has political ambition. "I had a long talk with the admiral a few days ago," said this friend, "and he assured me that all the gossip about his wishing to enter the field of politics was imaginary. 'I do not aspire to the presidency,' he said, 'because I know I am not fit for it. I am a sailor, not a politician, and I am too old a dog to learn new tricks.'"

To Build Big Fertilizer

Nashville, Tenn., Jan. 17.—Arrangements are about completed for the erection of a mammoth fertilizer by the Federal Chemical company. The plant will be erected in West Nashville. It will cover fifteen acres and will employ from 300 to 400 men. The plant will manufacture finished fertilizer for export and acid phosphate. The company is capitalized at \$1,000,000 and is a consolidation of certain Louisville and Tennessee phosphate interests.

Prince Henry Coming.

Washington, Jan. 17.—Emperor William's American yacht will be launched on February 25. The president will attend with full cabinet. They will meet Prince Henry at New York and after the launching will return with him to Washington. Later the prince and party will make a tour of the leading American cities.

Colored Murderer Hanged

Upper Marlboro, Md., Jan. 17.—H. Boyd, colored, was executed in the yard of the county jail here today. Boyd's crime was the murder of a young girl named Martha Oden. Several weeks ago the murderer professed repentance. He joined the Catholic church and appeared reconciled to his fate.

Smallpox at Morenci.

Morenci, Ariz., Jan. 15.—There are now five cases of smallpox in the pest-house here. Two new cases having developed today. One man was taken sick in the company lodging house and this fact created some uneasiness for fear of a general spread of the disease in the camp.

A Millionaire's Guide to Success

By THOMAS W. LAWSON

CAN say unhesitatingly that THE CONDITION PROMISING THE LARGEST MEASURE OF SUCCESS TO A YOUNG MAN MAKING HIS START IN THE WORLD IS POVERTY. It is the greatest heritage a man can have. I do not mean ignorant, hopeless poverty that cares nothing for the future, but self respecting poverty.

BE THOROUGH IN YOUR WORK, WHATEVER IT MAY BE. BELIEVE THERE IS NOTHING TOO SMALL TO DO WELL. Life is only a matter of picking up bricks on one side of the street and carrying them to the other side. We are all carrying bricks. I say to the young man: Carry your bricks with enthusiasm.

That is the secret of success when we get down to the bottom principle. Make the work you are doing the greatest thing in the world while you are doing it. Give it your whole thought and your whole strength. LEAVE IT ONLY WHEN YOU FEEL THAT NOBODY COULD IMPROVE ON IT. These may be old maxims dressed over, but they are as true today as they ever were, and no one who departs from them can make a complete success of anything. If a young man makes a success of small things, he will of great things when they come his way, and they'll come his way, for great things are only combinations of little things well done. If he does not make a success of small things, the great things never will come his way.

IN BUSINESS, SUCCESS LIES AS OFTEN IN KNOWING WHAT NOT TO UNDERTAKE AS IN WHAT TO GO INTO.

The greatest care should be taken in selecting our work when we get to the point where we can select it. Many men have been defeated in their life work because odds were against them from the start and they did not know it. They selected work which it was impossible for them to do and while selecting overlooked that which it was possible for them to do successfully.

Roosevelt Stands With Lincoln On Woman's Suffrage

By ETHEL C. AVERY, Woman Suffragist

ROOSEVELT is the first president of the United States since Abraham Lincoln who had expressed himself publicly in favor of woman suffrage before attaining the presidency. Cleveland proved himself favorable to it by actions rather than words, as he signed bills giving women partial suffrage in New York when he was governor of that state. Hayes favored it in his quiet way and helped to get a woman's rights resolution through the national Republican convention of 1872. Garfield said, "Laugh as we may, put it aside as a jest if we will, keep it out of congress or political campaigns, still the woman question is rising on our horizon larger than the size of a man's hand, and some solution ere long that question must find." Several presidents have been understood to be more or less friendly to equal suffrage, but ROOSEVELT AND LINCOLN HAVE BEEN THE ONLY ONES TO PUT THEMSELVES CONSPICUOUSLY ON RECORD.

Roosevelt excited consternation among conservatives by his recommendation of woman suffrage in a message to the legislature when governor of New York. And Lincoln said in a letter to the electors of Sangamon county, Ill., dated June 13, 1836, "I go for all sharing the privileges of the government who assist in bearing its burdens; consequently I go for admitting all whites to the right of suffrage who pay taxes or bear arms, BY NO MEANS EXCLUDING FEMALES."
